2. Types of cookies that may be used

The Chamber's website may use the following categories of cookies:

a) Technical or necessary cookies: These are necessary to allow browsing the website and using its basic functions, such as secure access, form management, site security, content loading, session maintenance, or management of privacy preferences. These cookies do not require user consent when they are strictly necessary to provide the requested service.

b) Preference or personalization cookies: Allow remembering information so that the user can access the service with certain characteristics, such as language, regional settings, browser type, or display preferences. When not strictly necessary, they will only be used with the user's consent.

c) Analysis or measurement cookies: Allow obtaining information about the use of the website, pages visited, browsing time, origin of visits, user interactions, and statistical data to improve services and content. These cookies will be used when the user has given their consent.

d) Advertising or behavioral advertising cookies: Allow managing advertising spaces or creating profiles based on browsing habits. The Chamber will not use this type of cookie unless expressly informed and the user has given their consent.

e) Third-party and social media cookies: Certain embedded content, maps, videos, social buttons, forms, analytics tools, or external services may install cookies managed by third parties. The use of these cookies will depend on the settings accepted by the user.
